

Polaris Transportation Group Joins the United Nations Global Compact

Mississauga, ON – September 10, 2026 Polaris Transportation Group is pleased to announce they have joined the Canadian Network of the United Nations Global Compact – a voluntary initiative for the development, implementation and disclosure of responsible business practices.

With this announcement, Polaris joins thousands of companies around the world, including over 200 Canadian businesses committed to taking responsible business action to create the world we all want.

The UN Global Compact is a call to companies everywhere to align their operations and strategies with ten universally accepted principles in the areas of human rights, labour, environment and anti-corruption and to take action in support of Sustainable Development Goals (SDGs).

Launched in 2000, the UN Global Compact is the largest corporate sustainability initiative in the world, with more than 20,000 companies based in over 160 countries and more than 60 Global Compact Networks.

“In line with our commitment to The Ten Principles, Polaris Transportation Group is proud to join the world’s largest corporate sustainability initiative and hold our operations to the same standard we ask of the world around us - advancing human rights, fair labour practices, environmental responsibility and anti-corruption, not as separate initiatives but as the foundation of how we do business” says Dave Cox, CEO of Polaris Transportation Group. “Joining the UN Global Compact Network Canada is a public commitment to that accountability and to doing our part in building a more sustainable path for global trade.”

As a participant of the initiative, Polaris encourages you to visit their website to learn more about how their sustainability work upholds The Ten Principles.

ABOUT THE UNITED NATIONS GLOBAL COMPACT

As a special initiative of the United Nations Secretary-General, the UN Global Compact is a call to companies worldwide to align their operations and strategies with Ten Principles in the areas of human rights, labour, environment and anti-corruption. Our vision is clear: to mobilize business to transform sustainability ambition into action at the scale the world demands. With more than 25,000 participants and a presence in over 100 countries through 5 Regional Hubs and more than 70 Country Networks and expansion territories, the UN Global Compact is the world's largest corporate sustainability initiative.

For more information, visit UN Global Compact website at unglobalcompact.org.

The UN Global Compact Network Canada is dedicated to advancing the Ten Principles as well as the Sustainable Development Goals. Network Canada brings together 200+ Canadian businesses as part of a global movement dedicated to sustainable and ethical business practices, driving systemic change and fostering a more sustainable future.
